FOREWORD

Statistical publication contains a wide range of statistics on social and economic situation in Ukraine in 2014 compared with 2008–2013.

The publication contains the following sections: national accounts, prices and tariffs, Unified State Register of Enterprises and Organisations of Ukraine (Business register), industry, agriculture, hunting, forestry, fishing, capital investment and construction, transport and communications, foreign economic activity, retail trade, services, science, technologies and innovations, population and migration, labour market, income and living conditions, communities and housing, education, health care and social protection, justice and crimes, environment. Information is mainly broken down by type of economic activity (according to the *Classification of Types of Economic Activity* (State Classifier 009:2010)), product type, organisational and legal status, region. A separate section has information about international comparisons by country.

Indicators of some industries and thematic for 2014 are preliminary or estimated and will be revised in the forthcoming editions. Some indicators for the previous years have been revised as compared to those previously published. More detailed characteristics of social and economic situation in the country will be available in *Statistical Yearbook of Ukraine for 2014*.

The publication for 2014 gives information based on the results of the state statistical observations that excludes the temporary occupied territory of the Autonomous Republic of Crimea and the city of Sevastopol. Also, information for 2014 produced according to data from central bodies of executive power is compiled on the basis of available administrative data (excluding a part of the zone where anti-terrorist operation is conducted). Data on the Donetsk and Luhansk regions present the enterprises, establishments and organisations that submitted reporting to the state statistics bodies in 2014.

Please be aware that on the official SSSU web site you can find statistical data on the country's social and economic situation in 2010–2014 excluding the temporary occupied territories of the Autonomous Republic of Crimea and the city of Sevastopol.

Political system

On 28 June, 1996 the Constitution was adopted, which gave Ukraine the status of a republic. The country includes the Autonomous Republic of Crimea and 24 administrative regions (oblasts), Kyiv and Sevastopol cities. These cities have special status prescribed by Ukraine's laws.

The head of the State is the President who executes his authority on its behalf. The President is elected by Ukrainian citizens by equal vote and direct countrywide elections for the period of five years and not more than two consecutive terms.

The integral legislative body is the Parliament – the Verkhovna Rada of Ukraine.

The top executive authority is the Cabinet of Ministers of Ukraine.

Sovereignty and the only source of the government power belong to the people of Ukraine.

The main public holiday is Independence Day – 24 August.

¹ Index of industrial production is compiled according to international standards. The base formula for compilation is the Laspeyres volume index. The compilation is based on data on movements of production of fixed set of representative goods and structure of gross value added for the base year. Index is produced by type of activity in sections B, C, D (apart from group 35.3) and in line with the *Classification of Types of Economic Activity* (State Classifier 009:2010)
